General and Revenue Secretariat. File No 108 of 1927

Serial No.

1

No 1375 & 17 & 27 from the Chief Engr. Submits an estimate. Amounting to Rs 27100 for water supply to Dalelhousie States that the residents of the village have made a gift of Rs 10000 for the project, that his Dept. is not able to contribute anything for the Scheme, that the annual maintenance charges come upto Rs 1500 and suggests that if his Dept. are agreeable administrative sanction may be accorded to the project.

Note the points for consideration are —

1) whether the Municipality is able to bear the maintenance charges

2) Whether a moiety of the cost of the Scheme should not be borne by the Municipality

3) How should the Govt. Contribution for the work be met.

Draft enquiry on point (1) is sent for and on point (2) the resources are said to be poor. That no Contribution can be expected from that Source

On point 3 it is for the Chief Engr to provide for the work in Construction grants for water Supply schemes.

Put up No 2578. 2 Have you any objection to the proposed procedure?

Chief Engineer of Mysore
Bangalore

To

R. Ranga Rao, Esq., B.A.,B.L.,
Secretary to Government,
General Department,
Bangalore

SIR

I have the honour to inform you that during the Dewan's tour in the Kadur District during March 1927, the citizens of Balehonnur made a gift of Rs 10,000 for the water supply to their place and the Executive Engineer, Sanitary and Town Planning Division, was requested to prepare a project for water supply to Balehonnur Town.

2. An estimate amounting to Rs 27,140 (made up of Rs 23,000 for the work portion and Rs 4,140 for Establishment and Tools and Plant charge has been prepared Deducting the donation promised, a sum of Rs 17,140 has to be met by Government and the Municipality but the resources of the latter one, it is learnt, so slender that no contribution could be expected from that body With this object in view, no provision is made in the estimate for any filters or service reservoir These can be introduced at any time if funds are forthcoming

3. The annual maintenance charges are put down at Rs 250, i.e , for the pay of watchman or for any renewals required.

4. The report accompanying the estimate herewith enclosed explains the scheme fully

5. I request you will be so good as to ascertain the views of the Municipality in the matter and if they are willing, administrative sanction

charges 3
which it is expected would
come up to £250 a year - The financial position of the Mts
be investigated
An early reply is requested

Sir,

Water Supply to Balehonnur

With reference to your memo No L 3895 dated 6th January 1928, requesting me to report the views of the Balehonnur village panchayet in regard to their water supply project I have the honour to forward herewith the entire file of papers received from the Tarikere Sub Division officer's report No SI-166-27 dated 24 11 1927

and also a copy of the Communication received from the President, Kadur District Board in the matter

2) It will be seen from the report of the Sub Division officer and the resolution of the village Panchayat that the income of the Panchayat is very limited and does not at present amount of meeting the annual maintenance charges of the work (viz, Rs 250/-) not to speak of the cost of the project which is estimated at Rs 27140/- Of this the Sub Division officer reports that the Contributions to the extent of Rs 7450/- only have been promised

3) The District Board was also approached in the matter & They too have resolved that they can not incur any Expenditure on this account (vide Copy of the resolution dated 19 12 27 enclosed)

10

4) In these circumstances I am of opinion that it is not worthwhile pursuing through the question any further & it may therefore be dropped

5) As regards the Contributions promises by messrs Srinivasa prabhu and others to the extent of Rs 7450/- I will on receipt of Government orders on this reference ascertain the views of the donors as to how best the amount could be otherwise utilised in case the water-supply project be dropped & collect the A I may add that I have Consulted on this matter Mr Srinivasa prabhu, the gentleman who has promised the donation of 6000/- Rs He is also in doubtful of the viability of the Project to supply at such cost & to what after all is only a village pipe water from a shallow tank 1½ miles away when the village itself has a -

perennial river running at the very foot He is agreeable however to pay up his donation (6000/ Rs) for whatever other useful object it is that may ultimately be decided upon

I have the honor to be
Sir,
Your most obedient Servant.

[illegible]
Deputy Commissioner
Zaidur district
(Present from station)

Copy of Letter no LB 286/27-28 dated 30 January 1928 from the President Kaduna District Board to the Deputy Commissioner Kaduna District

Adverting to your letter no A2-4293-26 dated the 12th December 1927 forwarding the papers relating to the water supply scheme at Balchan and requesting to place the subject before the Board and intimate whether the Board is agreeable to contribute Rs 5000/- to make up half the estimated cost and also to bear a portion of the annual maintenance charges thereof, I have the honor to state that the Standing Committee of the Kaduna District Board at its meeting convened on the 17th instant, resolved that the District Board cannot meet any expenditure on the account and the District Board at its meeting held on the 19th instant have approved of the decision of the Standing Committee

A copy of the resolution of the Board in the matter is herein enclosed for your information

The papers received with your letter under reply are returned herewith
